

# Access to cloud experts anytime, anywhere, whatever the problem

Does your team lack the skills needed to support your cloud apps or infrastructure?

When issues arise, you need comprehensive cloud support services that you can count on to ensure problems are resolved quickly and seamlessly.

## WE CAN SUPPORT:

- ✔ Cloud-based app like Gmail and Office 365
- ✔ PC hardware, devices, and peripherals
- ✔ Security patches and malware removal

## REMOTE WORK CREATES MANY CHALLENGES

As more companies move to remote and hybrid work environments, the strain on the IT team significantly increases - implementing, managing and providing technical support creates unnecessary challenges. With SmartSupport, you will access responsive, dedicated support professionals to cover comprehensive software, hardware and internet access related issues

- Get your critical support issue addressed quickly by a technical engineer in one hour or less.
- Maximize productivity with friendly assistance for end users and timely escalation for admins.
- Move confidently and grow your cloud footprint with helpful guidance from experienced experts.
- Customers rate us highly for end user and admin support services.
